

## WARDING PLUM TREE AS \$100,000,000 IN LUSCIOUS FRUIT

3,000 Jobs Are Ripe for  
"Packing" When Presi-  
dent Craves Fruit.

WASHINGTON, March 4.—Up-  
wards of 50,000 appointments to public  
offices carrying salaries aggregating  
more than \$100,000,000 a year are to be  
made by President Harding. Some of  
these were made to-day, many others  
will be announced during the next  
few months, while still others will be  
made as the terms of present Demo-  
cratic office holders expire.

The first fruits from the shaking of  
the official "plum" tree were Cabinet  
officers, whose salaries are \$12,000 a  
year each. Others to come include  
nearly a dozen ambassadors, whose  
salaries are \$17,500 each, many minis-  
ters at \$10,000 each, assistant secre-  
taries, Federal judges, attorneys and  
counselors, customs collectors, mem-  
bers of various government boards,  
commissions and postmasters by  
thousands.

It is the usual custom, Ambassa-  
dors and Ministers now serving are  
expected to present their resignations  
to President Harding immediately.  
They may have a free hand in cre-  
ating their own diplomatic corps.

There are forty-four Ambassadors  
and Ministers but some of these, who  
have risen from the ranks in the  
diplomatic service, may be retained  
practically all of those new in  
service will continue in office until  
their successors qualify.

Among Ambassadors regarded  
certain to be filled by Mr. Har-  
ding are those to Great Britain,  
France, Italy, Spain, Japan, Belgium,  
Brazil, Chile, Argentina and Peru.  
Many new Ministers also are to be  
appointed and when full relations  
are re-established with Germany,  
Austria, Mexico, Turkey and Bul-  
garia appointments also will be made  
to those countries.

Among Ministers now holding of-  
fice who have come up from the  
ranks in diplomatic service are Wil-  
liam Phillips, at The Hague; Hugh  
Gibson at Warsaw; Richard Crane,  
at Prague; Joseph G. Grew, at Cop-  
penhagen; Peter Augustus Jay, at  
Salvador; Hoffman Philip, at Bogota,  
Colombia; and Arthur Baily-Blanchard,  
at Port-au-Prince, Hayti.

Among appointments in immediate  
or early prospect are seven members  
of the Shipping Board at \$12,000 each,  
two members of the Interstate Com-  
merce Commission at \$12,000 each, five  
members of the Federal Reserve  
Board at \$12,000 each; three members  
of the Tariff Commission at \$7,500  
each, two members of the Federal  
Trade Commission at \$10,000 each,  
some of the nine members of the  
Railroad Labor Board at \$10,000, and  
four members of the Federal Farm  
Loan Board at \$10,000 each.

Four of the nine Supreme Court  
Justices also may be appointed by  
President Harding. Chief Justice  
White and Associate Justices Mc-  
Kenzie, Brandeis and Day now are  
eligible, by both age and length of  
service, to voluntary retirement. The  
salary of the Chief Justice is \$12,000  
and that of Associate Justices \$10,000.

Postmasters comprise the bulk of  
Presidential patronage. There are  
nearly 50,000 postmaster positions remain-  
ing in the Presidential class, al-  
though President Wilson placed many  
in the civil service. All have four  
year terms and it is estimated that  
President Harding will appoint some-  
thing like 15,000 during the next year  
as the Republican majority in the  
Senate refused confirmation to sev-  
eral thousand Postmasters as well as  
other officials, including members of  
the Shipping Board during the last  
session of Congress.

In various executive branches of  
the Government, the Department of  
Justice leads in patronage with a roll  
of about \$130,000, including a Solicitor  
General at \$10,000, one assistant to the  
Attorney General at \$9,000, seven other  
assistants at \$7,500 and solicitors for  
the other departments.

## WASHINGTON BIBLE TAKEN TO CAPITAL

The famous Washington Bible, to  
be used in the inauguration of War-  
ren G. Harding to-day, was taken to  
the capital at 12.15 o'clock this morn-  
ing by a committee of Masons, who  
will guard it throughout the admin-  
istration of the oath of office to the  
new President.

Frederick A. Onderdonk, Master of  
St. John's Lodge, No. 1, F. and A. M.  
of this city, which has had the Bible  
in its possession for more than 150  
years, is head of the committee,  
which is composed of Robert M. Rob-  
inson, Grand Master in this State, and  
George T. Montgomery, George H.  
Phillips, John J. Morrow and Charles  
H. Hamilton, four Past Masters of  
the lodge. The committee will arrive  
in Washington at 7.30 o'clock this  
morning, whence they will immedi-  
ately proceed to the Capitol.

Great precautions have been taken  
to protect the Bible. The lodge's  
members consider this ceremony will  
increase its intrinsic value to an even  
greater extent.

Four Police Captains Shifted.

Transfer of four police captains, an-  
nounced late yesterday by Commis-  
sioner Enright, went into effect to-day.  
Capt. August Kuhne goes from the East  
51st Street station to Canal Street;  
John McMahon from Canal Street to  
East 51st Street; Thomas Myers from  
East 51st Street to the Bergen Street  
station, Brooklyn, and George Hearle  
from the Bergen Street station to  
East 51st Street, Manhattan.

Neighborhood Aroused After  
Spaniel Bites Man on Hand.  
A little brown and white spaniel,  
which had bitten George Horan, an at-  
tendant in the Street Cleaning Depart-  
ment Station, No. 168 East 205th Street,  
in the wrist, led three policemen a half-  
mile chase this morning before they cor-  
nered it in a lumber yard at Webster  
Avenue and 128th Street and killed it  
with three bullets. The chase around  
the entire neighborhood and frightened  
the dog into taking refuge under two  
logs, where he was an easy target for  
the policemen. Horan's injury was  
cauterized by a surgeon from Fordham  
Hospital and he was sent to the Board  
of Health for observation.

## QUESTION HEARST ON MOVIES

Authors Again Ask Publisher's  
Stand on Film Rights to Stories.

The Author's League of America,  
Inc., has sent a second letter to Wil-  
liam Randolph Hearst asking the pub-  
lisher if he is willing to purchase op-  
tion for his various magazines without  
demanding an option on the moving  
picture rights. The authors in resolu-  
tions passed at a meeting yesterday  
declared the reply of Mr. Hearst to  
their first letter is characterized by  
ambiguity and misrepresentation.

Pending a reply, authors are advised  
not to enter into agreements that would  
give the publisher any option on the  
motion picture rights.

### Careless Shampooing Spoils the Hair

Soap should be used very carefully,  
if you want to keep your hair looking  
like best. Most soaps and prepared  
shampoos contain too much alkali.  
This dries the scalp, makes the hair  
brittle, and ruins it.  
The best thing for steady use is  
Mulsified coconut oil shampoo  
(which is pure and greaseless) and is  
better than anything else you can use.  
One or two (teaspoonfuls of Mulsified  
will cleanse the hair and scalp  
thoroughly. Simply moisten the hair  
with water and rub it in. It makes  
an abundance of rich creamy lather,  
which rinses out easily, removing  
every particle of dust, dirt, dandruff  
and excessive oil. It cleanses the hair  
quickly and evenly, and it leaves the  
scalp soft, and the hair fine and  
silky, bright, lustrous, fluffy and easy  
to manage.  
You can get Mulsified coconut oil  
shampoo at any pharmacy, it's very  
cheap, and a few ounces will supply  
every member of the family for  
months. Be sure your druggist gives  
you Mulsified.

### THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion comes from an  
excess of hydrochloric  
acid.

A well-known authority states that  
stomach trouble and indigestion are  
nearly always due to acidity—acid  
stomach—and not, as most folks be-  
lieve, from a lack of digestive juices.  
He states that an excess of hydro-  
chloric acid in the stomach retards  
digestion and starts food fermenta-  
tion; then our meals sour, forming  
acid fluids and gases which inflate the  
stomach like a toy balloon. We then  
get that heavy, lumpy feeling in the  
chest, have gas or heartburn, flatu-  
lence, waterbreath, or nausea.

He tells us to lay aside all digestive  
aids and instead get from any phar-  
macy four ounces of Jad Salts and take  
a tablespoonful in a glass of water  
before breakfast while it is efferves-  
cing, and furthermore, to continue  
this for one week. While relief fol-  
lows the first dose, it is important to  
neutralize the acidity; remove the  
gas-making mass, start the liver,  
stimulate the kidneys and thus pro-  
mote a free flow of pure digestive  
juices.

Jad Salts is inexpensive and is made  
from the acid of grapes and lemon  
juice, combined with lithia and sodi-  
um phosphate. This harmless salts  
is used by thousands of people for  
stomach trouble with excellent results.
